

Prof. Heimbürger Award

CSL is committed to supporting progress in the therapeutic area of coagulation disorders forwards. Based on recent publications and feedback from the medical community, recognizing the next generation of coagulation specialists as they medically and scientifically establish themselves, promotes the scientific evolution of this field.

Through innovative and pioneering ideas, the Prof Heimbürger Award upholds CSL's promise to improve the lives of our patients and offers three global start-up grants of €25,000 each.

Eligibility criteria

1. The awards are reserved for researchers who hold a medical degree or a PhD; applicants with less than five years post-doctoral research experience or clinical practice experience will be prioritized.
2. The awards are available for clinical and preclinical research in the areas of:
 - Inherited bleeding disorders
 - and
 - Acquired bleeding disorders
3. Multiple applications for different research proposals by the same applicant in the current award cycle will not be considered and matching funds are not a prerequisite for this award.

**Applications from previous winners of the Prof. Heimbürger Award will not be considered.*

Application and Procedure

[Please click here to submit your online application](#)

Applications for the 2026 cycle will open from March 2, 2026; applications consisting of an application form, a short CV and a one-page research proposal **must be received by 23:59 (CET) May 29, 2026**, to be considered.

Applications should be submitted in English.
